Course Average Worksheet

A current or total grade of 65 or higher is needed to pass a class for the year.

Social Studies Math Science English Language

Write in the quarter grades for each class. Place an X on the lines for any non-graded quarters.

Quarter 1 _____

Quarter 2 _____

Quarter 3 _____

Quarter 4 _____

Add the quarter grades together and enter this number on the total grade line.

Total Grade _____

Write the number of the total number of quarters in which you have entered a number.

Quarter Number _____

Divide the number in the total line by the number of quarter grades that were added together.

Total Grade/Quarter Number = Current Grade
